### Full-Text Plus™ editorial enhancements

#### West Key Number System

The West Key Number System® classifies American law into more than 400 topics – and 100,000 subtopics – relating to persons, property, contracts, torts, crimes, remedies, and government, accelerating your research by directing you to specific points of law.

#### Case Synopses and Headnotes

West case synopses and headnotes summarize the facts, issues, procedural history, holdings and disposition of a decision – information that might otherwise be scattered throughout the opinion.

Synopses and headnotes contain terms that may not have been used by the authoring judge, including terms of art and words that describe legally significant relationships

among parties (e.g., landlord and tenant, husband and wife). As a result, a Westlaw search can retrieve relevant cases that an opinion-only search might miss.

### Annotated statutes

- Statutory Credits show you citations to session laws from which a statute was derived
- Historical and Statutory Notes reveal the history of a statute that may be significant in its construction and application
- Cross-References/Library References lead you to relevant Key Numbers and to law reviews, treatises, and administrative code provisions
- Notes of Decisions provide quick summaries of cases interpreting or applying the statute in question

### KeyCite citation research service

KeyCite is the easy-to-use, powerful citator that covers more than 4 million reported cases, 20 million headnotes, 1 million unpublished decisions, USCA®, statutes for all 50 states and CFR.

This citator service verifies whether cases, statutes, administrative decisions and regulations remain good law. In addition, KeyCite links to citing cases, administrative decisions, more than 700 law reviews and other analytical sources such as ALR®, Am Jur® and Wright & Miller.\*

### Exclusive westlaw.com features

When you access this library on the Web via westlaw.com®, you can take advantage of these and many other timesaving features.

#### KeySearch

Powered by the West Key Number System, KeySearch® lets you formulate searches using advanced research tools without inputting search terms.

#### Most Cited Cases

Most Cited Cases® retrieves a list of cases most often cited for a particular point of law, which is identified by its Topic and Key Number. Researchers can customize results by selecting a jurisdiction, topic, or date and adding search terms.

### Add-ons for your Westlaw Select core

Optional modules let you tailor Westlaw Select to your needs. Modules include legal references such as ALR and Am Jur, law from other jurisdictions, news and business information, and more. You can also add another single state to your own core package.

\* Linking may involve additional charges based on Westlaw plan inclusion. Please check your plan for your specific charges.

## Westlaw®

### In step with your practice.

We have a targeted solution for your driving under the influence cases. It's no surprise. We designed New York DUI around what you told us you needed – your workflow, your tasks, your need for strategic information.

The result is a resource that packages key DUI content, makes it easy to access, and saves you time, every step of the way.

#### WESTLAW ADVANTAGES

There are three core advantages that separate Westlaw® from other research services:

- **Comprehensive legal content**, including primary law, legal analysis, and litigation materials.
- **Tools to help you find it faster**, such as editorial enhancements, industry-leading search and linking technologies, 24/7 research assistance, and more.
- **Trusted accuracy** through case corrections and KeyCite®, the most complete, accurate, up-to-the-minute citation service.

And with WestlawNext™, we built on these core advantages to make legal research easier and more intuitive than ever before.

#### New York DUI includes: Forms, regulations, and jury instructions

You'll have quick, easy access to complete DUI chemical testing rules and regulations from the Official Compilation of Codes, Rules and Regulations of the State of New York.

New York DUI Law also includes forms, checklists, clauses, and analysis from New York Jurisprudence, Handling the DWI Case in New York, New York Driving While Intoxicated Defense Forms, New York Vehicle and Traffic Law: Driving While Intoxicated, and other sources, plus Charges to the Jury and Requests to Charge in Criminal Cases in New York.

#### Caselaw and periodicals

New York DUI Law provides cases from all states' courts concerning DUI chemical testing. Among the national/federal periodicals are:

- Andrews Litigation Reports: DUI
- Drinking and Driving Law Letter
- Arrest Law Bulletin, Investigative Stops Law Bulletin, and Police Department Disciplinary Bulletin
- DUI-related law journals and law reviews

#### Save time and effort with these tried and true research tools:

##### West Key Number System

The West Key Number System® classifies American law into more than 400 topics – and more than 100,000 subtopics – accelerating your research by directing you to specific points of law.

##### Case synopses and headnotes

West case synopses and headnotes put the facts, issues, procedural history, holdings and disposition of a decision in close proximity, aiding your word search. They also contain terms that may not have been used by the authoring judge, so you can retrieve relevant cases that an opinion-only search might miss.

##### KeyCite citation research service

KeyCite is the easy-to-use, powerful citator that includes citations to more than 4 million reported cases, 20 million headnotes, and 1 million unpublished decisions. Plus, citations to USCA®, CFR, statutes for all 50 states, 600 law reviews, ALR®, Am Jur®, Wright & Miller, administrative materials, jurisprudence, and other sources.

THOMSON REUTERS™

### In step with your practice

Westlaw® has a targeted solution for your New York municipal practice. That's because we designed New York Municipal Law only after you gave us a detailed description of your workflow, your tasks, your need for strategic information. The result is a practitioner-built resource that packages key municipal content that's easy to access from a single screen and saves you time, every step of the way.

### Statutes, regulations and cases

Statutes, regulations, and caselaw are interlinked and complete with exclusive West editorial enhancements that speed and strengthen your research by helping you find the right information quickly and analyze it thoroughly.

### Municipal codes

*Matthews Municipal Ordinances* is an indispensable starting point for developing new ordinances. Search *Matthews* by table of contents. Divided into text and formats, it provides all the necessary information to write ordinances, including a chapter on "Phraseology" and sample ordinances.

### Practice guides

Search the full text of 20 indexed, annotated volumes of *McQuillin Law of Municipal Corporations* to locate valuable information covering all aspects of municipal corporations.

### Forms and checklists

Using a convenient forms-finder template, easily search a comprehensive collection of state-specific and general forms, checklists, and clauses – across Westlaw – that will prove indispensable when drafting agreements from scratch, attempting to add an additional clause in an existing contract, or double-checking that you did not miss a step in the process.

### Continue to enjoy the many benefits of using Westlaw

#### West Key Number System

The West Key Number System® classifies American law into more than 400 topics – and 100,000 subtopics – accelerating your research by directing you to specific points of law.

#### Case Synopses and Headnotes

West case synopses and headnotes put the facts, issues, procedural history, holdings and disposition of a decision in close proximity, aiding your word searching. They also contain terms that may not have been used by the authoring judge, so you can retrieve relevant cases that an opinion-only search might miss.

#### Plain-English Searching

Enter a description of your issue in standard English. Westlaw displays the documents that most closely match your concepts.

#### Key Number Searching

West attorney-editors assign a Key Number to every point of law based upon the concepts discussed within the case. Using this Key Number information in searches substitutes highly precise terminology for often ambiguous language. And finding just one case on-point leads directly to others – in any jurisdiction.

#### KeyCite Citation Research Service

KeyCite® is the easy-to-use, powerful citator that includes citations to more than 4 million reported cases, 20 million headnotes, and 1 million unpublished decisions. Plus, citations to *USCA*®, *CFR*, statutes for all 50 states, 600 law reviews, *ALR*®, *Am Jur*®, *Wright & Miller*, administrative materials, jurisprudence, and other sources.\*

## Westlaw®

Combines expert legal analysis with forms, jury instructions, and more.

This impressive collection of titles enables quick review of specific points in familiar areas of law and helps you cover unfamiliar ground with speed and ease.

### WESTLAW ADVANTAGES

There are three core advantages that separate Westlaw® from other research services:

- **Comprehensive legal content**, including primary law, legal analysis, and litigation materials.
- **Tools to help you find it faster**, such as editorial enhancements, industry-leading search and linking technologies, 24/7 research assistance, and more.
- **Trusted accuracy** through case corrections and KeyCite®, the most complete, accurate, up-to-the-minute citation service.

And with WestlawNext™, we built on these core advantages to make legal research easier and more intuitive than ever before.

### American Law Reports (ALR®)

A superior collection of annotations that evaluates all caselaw relevant to a specific point of law. Examines both sides of an issue, to help you anticipate your opponent's arguments.

### American Jurisprudence 2d (Am Jur®)

Encyclopedic coverage of more than 400 topics. Helps you gain a quick understanding of unfamiliar areas of law, so you can propose a sound course of action.

### Restatement of the Law

A chronological perspective of your specific points of law, accepted in many courts as persuasive authority. Explains the current status of the law, and where it is likely to go in the future.

### Am Jur Pleading & Practice Forms Annotated

Mertens & Casey Tax contains two indispensable resources that analyze federal income tax law and explain the entire structure of the federal tax system.

### Mertens Law of Federal Income Taxation

This database contains the full text of *The Law of Federal Income Taxation: Treatise and Rulings* by Jacob Mertens Jr., which courts have cited more often than all other tax publications combined. This 47-volume publication is a tax practice tool of unprecedented value.

Unlike other tax services, which merely report what happened, *Mertens* provides detailed, in-depth analysis of all aspects of the law of federal income taxation. It goes beyond the Internal Revenue Code to explain Congress' intent in drafting the IRC, what the IRC means and how the Internal Revenue Service interprets it.

*Mertens* provides you with:

- Incisive commentary assuring you direct access to the most current and accurate information
- Monthly updates reflecting the latest legislative changes

- In-depth discussion and expert analysis that guides you when no easy, clear-cut option is apparent
- Extensive coverage of estates and revocable and controlled trusts (Chapters 36-37)

Look to *Mertens* for:

- Annotated IRC (Title 26 of USCA®) and federal tax court rules
- More than 110 subject-oriented texts
- Monthly updates highlighting the most current analysis
- More than 80,000 index entries to help you pinpoint small details and link immediately to the chapters and sections devoted to your subject

### Casey Federal Tax Practice

For anyone involved in federal tax controversies before the IRS and the Tax Court, the six-volume treatise, *Federal Tax Practice* by Laurence F. Casey, is an indispensable resource.

Encyclopedic in scope and detail, it explains the entire structure of the federal tax system. It gives you an inside look at IRS procedures in vital areas, such as assessment, audit, settlement, collection, liens and trials, and it shows you what the IRS can and cannot do.

Tax practitioners can use *Casey* to take the proactive approach needed to succeed at any level and find solutions to virtually any tax question. It offers:

- Essential pleadings and practice forms – more than any other source
- Standardized forms adaptable to specific needs
- Citations to nearly 10,000 relevant cases and tables of authority
- Full coverage of federal tax statutes and regulations, tax decisions and administrative organization
- Complete text of the Tax Court Rules

With PastStat Locator™ you can quickly identify the statutory version in effect on a specific date. Use PastStat Locator, and you'll be precise, efficient and totally confident about your research. Imagine the time you'll save verifying statutory language for dates in the past!

### Historical versions in seconds

Statutes are continually amended, revised, overruled or superseded, making it difficult to know exactly what language governed at the time an offense, injury, or other legal matter took place.

PastStat Locator removes uncertainty from your historical research and saves you hours of time. Almost instantaneously, it can:

- Provide the exact version of the statute for the date you specify

- Track renumbered statutes, showing how the statute has changed and what code section took its place
- Work forward, also telling you when a statute or amendment is due to take effect or lapse

### A Westlaw exclusive

Available only on Westlaw,® PastStat Locator covers:

- *United States Code Annotated*® (USCA) – from January 1, 1996, to the present
- *West's*® *Annotated California Code Library* – from January 1, 1999, to the present
- *McKinney's*® *Consolidated Laws of New York* – from January 1, 1999, to the present

### Easy, fast searches

You can start your PastStat Locator search three ways:

- While entering your query (Terms and Connectors or Natural Language) by filling in the "effective date" field
- At the Table of Contents by typing in a date
- In a code section by clicking on "Versions"
