This experience will provide an opportunity for law students, particularly those interested in European law, to deepen their understanding of transnational issues. Grades and cost of the program:

Students who participate in these programs will receive credit for all classes in which they receive a grade of C or better, or its equivalent. The grades from the foreign law school will not appear on the students’ transcripts and not be included in the students’ GPA.

Students will pay Hofstra tuition for the semester, and will be responsible for all travel, housing, insurance and related expenses. Financial aid is packaged through the normal process and scholarships apply as if you were on campus for the semester.

Second Year Students:

Full time students are permitted to do an exchange program in the spring semester of their second year. If selected to do so, you will take Constitutional Law II in the spring semester of your third year. The Office of Student Affairs can advise you on graduation requirements to make sure all your obligations are met.

Application Procedure:

Admission to the exchange programs is competitive and selection is based on approval by both Hofstra and the receiving institution. Up to eight students (two for each school) may be selected to participate in the program each year.

Interested students should submit:

- Application (attached)
- A one-page personal statement indicating your educational objectives and qualifications
- Current resume/C.V.
- Copy of current Hofstra Law School transcripts
- Two letters of recommendation sent via email to InternationalPrograms@hofstra.edu. Please fill in your name and give your recommenders the form to fill out.

Before submitting the application, students should review the web sites for the universities in which they are interested (see above) and should select a preferred location and time frame. Students may take from 12 up to 17 U.S. credits while abroad. Please note that European credits are stated in the European Credit Transfer System (ECTS). Each U.S. law school credit is worth roughly two ECTS credits. The Chinese credit system is generally one for one with the U.S. system.

The Selection Committee cannot guarantee that students who are selected for the exchange will be offered a position at their preferred location, although the committee will make every effort to accommodate student preferences.

Applications, together with all supporting documentation, should be submitted to the Office of International Programs, in room 203 by the relevant deadline. The Law School’s International Programs Committee will review the applications, and make a determination.
