Assignments for — Wednesday, August 28
Friday, August 30

This is assignment for both of the week’s classes. You’ll have a less stressful Wednesday and Thursday if you prepare most of this before Wednesday’s class. It’s not possible to predict exactly how far we’ll get on Wednesday, and you don’t want to be caught unprepared for any of that day. And the more you can do before Wednesday, the less you’ll have to do in the 48 hours between the two classes.

Please prepare the following pages, in this sequence. Be prepared to discuss the material in class.

1. photocopy supplement — p. 33 to the middle of p. 35
2. casebook — p. 22 — do only Problem 6
3. casebook — p. 25 (bottom) to p. 42 (middle)
4. photocopy supplement — p. 35 (middle) to p. 39 (middle)
5. casebook — p. 42 (bottom) to p. 49 (middle)
6. photocopy supplement — p. 39 (bottom) to p. 44 (middle)
