Hello everyone and welcome to the Intellectual Property Colloquium!

The readings will be posted on the TWEN page for the course. For the first class, please read and be prepared to discuss the work of Prof. Peter DiCola, which will be posted no later than August 18.

Please email me five questions about the first reading no later than 11:59pm the day before the first class (i.e., email them by the end of August 24). They can relate to any aspect of the reading, including things you are having trouble understanding or related matters that interest you.

I will contact you with more information down the line, but we need three discussion leaders for the sessions about Prof. DiCola’s work (all students will be leaders at least once during the semester). With my help, these leaders will engage the class with questions and help to keep things going when a given speaker is here. Please let me know as soon as possible if you would like to volunteer – thanks!
