Contracts– Professor Albert – Spring 2018
[1L day class] - 1705 Section B

**Required Readings:**

- LawClassFeedback: an assessment product that provides formative assessments throughout the course.

We negotiated with the publisher to bundle these three items together at the best price we could get. You need to register for LawClassFeedback; my understanding is that you will get a voucher code for LawClassFeedback when you buy the bundle. The landing page for LawClassFeedback is [https://learn.examsoft.com/LCF-login](https://learn.examsoft.com/LCF-login)

**Recommended Reading:**

**Class web page:** You are required to register on the TWEN site for this class with an email address that you check regularly; go to [www.lawschool.westlaw.com](http://www.lawschool.westlaw.com) and select “TWEN” from the menu of items along the top of the page next to the current date. You will then be asked for your Westlaw password and for registration information (including your email address – this need not be the address issued by the Law School). To maximize the effectiveness of the TWEN system, please be sure to provide all requested information. You will then be given the opportunity to register for the TWEN website dedicated to this course (by choosing “Drop/Add a Course”). The website facilitates the exchange of ideas and provides interested students with an opportunity to participate in online discussions. Registration and participation are an essential part of this course. Students should check the website regularly throughout the semester.

**For our first week of classes, please read the following pages:**

**CHAPTER 1: INTRO TO THE STUDY OF THE LAW OF CONTRACTS**

Assignment: pages 1-6

**CHAPTER 2: INTENT TO CONTRACT: OFFER AND ACCEPTANCE**

Assignment: pages 7-32
