

## **Business Organizations – Greenwood – Upper Division**

Welcome to Business Organizations.

Prior to the first class, all students must

1. Register for the TWEN site accompanying this course.
2. Download the Course Introduction and Syllabus
3. Prepare the first reading assignment, as listed in the Syllabus
4. Post an introduction on the TWEN site. You may, but need not, answer the suggestions posted on the TWEN site, but please try to tell us something that will make the course more interesting or something that will make it easier for those of us who don't know you to get to know you. This isn't a resume but a chance to make a memorable first impression.
